

AI/ML Internship Opportunity – Path to Full-Time Role (Paid)

Company Intro: <https://cogninest.ai/>

Location: Remote (Pune-based candidates preferred)

We are seeking motivated **AI/ML Interns** to join our team and gain practical experience in building cutting-edge Artificial Intelligence and Machine Learning solutions. This is an opportunity for individuals who are passionate about applying theoretical knowledge to real-world problems and are eager to advance their careers in the field.

Who Should Apply

- **Graduates from 2025 or earlier**
- Individuals eager to transition into the AI/ML field with the possibility of converting the internship into a full-time role

Required Skills

- **Proficiency in Python:** Strong knowledge of Python for implementing machine learning models and data manipulation
- **Understanding of Machine Learning and Data Science Fundamentals:** Knowledge of algorithms, data structures, and model building techniques
- **Familiarity with Data Preprocessing and Feature Engineering:** Ability to handle real-world data for cleaning, transformation, and feature selection
- **Strong Analytical and Problem-Solving Skills:** Ability to break down complex problems and implement solutions effectively
- **Familiarity with Deep Learning Architectures** (optional but beneficial)

Internship Responsibilities

- **Machine Learning & Natural Language Processing (NLP):** Develop and implement machine learning models for various applications
- **Time Series Forecasting:** Work with time-series data to build prediction models
- **Generative AI:**
 - Work with **LangChain** and **LangGraph**
 - Fine-tune **Large Language Models (LLMs)**
 - Apply **Prompt Engineering** and **Retrieval-Augmented Generation (RAG)**
- **API Development:** Build and maintain APIs using frameworks such as **Flask**, **FastAPI**, or **Django Framework**
- **Cloud Deployment:** Deploy AI/ML models and applications on cloud platforms such as **AWS** or **Azure**

Not Ideal For

- Candidates looking for **short-term academic internships**
- Individuals who are **waiting for joining dates** from other offers

What We Offer

- A **paid internship** with an opportunity for full-time employment upon successful completion
- Exposure to real-world AI/ML projects and technologies
- Mentorship and guidance from experienced AI professionals
- Hands-on experience in **cloud deployment, NLP, and Generative AI**
